

# SAFETY DATA SHEET (MATERIAL)

in accordance with Regulation (EU) No 1907/2006 (REACH)

## BrowXenna Henna SHAMPOO

Version: 1.0 / EN

Page1 of 9

Revision Date: 01/05/2019

### SECTION 1: Identification of the product and information about the manufacturer or supplier

#### 1.1 Product Identifiers

The product's name BrowXenna Shampoo

CAS № Mixture

#### 1.2 The recommended not recommended uses of the substance or mixture

Fields of application Shampoo foam for deep cleaning of eyebrows

#### 1.3 Details of the supplier of the safety data sheet

Company IP Levchuk Irina Mihailovna

Address 142784 Russia, Moscow, Kievskoe shosse 1, Rumyantsevo  
Business Park, Building A, 806a office

Phone fax +7 (495) 240-55-95

Email export@lashandbrow.com

#### 1.4 Emergency telephone

+7 (495) 240-55-95

### SECTION 2: Hazard identification (hazards)

#### 2.1 Classification of the substance or mixture

Classification according to Eye Irrit. 2B; H320

Regulation (EC) №  
1272/2008

#### 2.2 Label elements

The product is a cosmetic product and is not covered by Regulation (EC) № 1272/2008 (Section 1, Chapter 1, paragraph 5c).

List of ingredients INCI-nomenclature in accordance with Regulation (EC) №1223 / 2009:

Water (Aqua), Disodium Cocoyl Glutamate (Disodium Cocoyl Glutamate), Sodium cocoamphoacetate (Sodium Cocoamphoacetate), Lauryl glycoside (Lauryl Glucoside), Glycerin (Glycerin), Hydrolyzed keratin (Hydrolyzed Keratin), Aloe-Vera juice (Aloe Barbadensis leaf juice), panthenol (Panthenol), hyaluronic acid (Hyaluronic Acid), EDTA (EDTA), Methylchloroisothiazolinone (Methylchloroisothiazolinone), methylisothiazolinone (Methylisothiazolinone).

#### 2.3 Other hazards

The product does not contain substances and PBT-vPvB-substances.

### SECTION 3: Composition (Information on Ingredients)

#### 3.1 Substances

Not applicable.

#### 3.2 Mixtures

Component name	EC of number	CAS №	Classification	mass fraction
Sodium cocoyl glutamate (Sodium kokoilglutamat)	269-085-1	68187-30-4	Warning GHS07 Eye Irrit. 2; H319 Aquatic Chronic 3; H412 P273; P281; P305 + P351 + P338; P501	6-10%

According to the supplier, the product does not contain any other hazardous substances in an amount which, in accordance with EU or national regulations, must be specified in this section.

### SECTION 4: First aid measures

#### 4.1 Description of first aid measures

<b>General recommendations</b>	It does not pose a serious threat to health when used according to recommendations. Avoid contact with eyes.
<b>After inhalation</b>	No medical assistance required.
<b>In contact with skin</b>	In case of irritation, wash the exposed surface with water and after with soap and water, if it is available.
<b>Eye Contact</b>	Carefully rinse the eyes with water for several minutes. Remove contact lenses if you use them, and if it is easy to do. Continue rinsing. If eyes irritation persists consult a doctor immediately.
<b>After ingestion</b>	Rinse mouth. Usually does not require treatment, except for accidental ingestion of large quantities of product. If you feel unwell, seek medical attention.

#### 4.2 Most important symptoms and effects, both acute and delayed

<b>Symptoms</b>	Irritation if contact with eyes.
<b>Effects</b>	When contacted with eyes: itching, redness, irritation, tearing. Blurring of vision may occur.

#### 4.3 Indication of immediate medical attention and special treatment

<b>medical attention</b>	Treat symptomatically.
<b>Special Rules for the Treatment</b>	No.

### SECTION 5: Firefighting measures

#### 5.1 Extinguishing media

<b>Suitable extinguishing media</b>	CO2, powder extinguishing agent or water spray. Fight larger fires with water spray or alcohol resistant foam.
<b>Inappropriate extinguishing agents</b>	No data.

#### 5.2 Special hazards arising from the substance or mixture

<b>Hazards from the substance or mixture</b>	Fire or explosion hazard.
<b>Hazardous combustion products</b>	Fire may produce dangerous gases.

#### 5.3 Advice for firefighters

<b>Special precautions for firefighters</b>	In case of fire by removing all persons from the vicinity. Use conventional firefighting techniques, not forgetting about the dangers that can come from other materials.
<b>Special protective equipment for firefighters</b>	In case of fire, wear self-contained breathing apparatus (SCBA) and full protective clothing.

### SECTION 6: Measures for the prevention and elimination of accidents and emergencies and their consequences

#### 6.1 Personal precautions, protective equipment and emergency procedures

<b>Precautionary measures</b>	Avoid contact with eyes. Avoid prolonged skin contact. Use personal protective equipment if necessary. Remove the leak immediately to prevent falling on slippery surfaces
-------------------------------	--

#### 6.2 Preventive measures for environmental protection

<b>Environmental precautions</b>	Special measures are not presented.
----------------------------------	-------------------------------------

# SAFETY DATA SHEET (MATERIAL)

## BrowXenna Henna SHAMPOO

Version: 1.0 / EN

Page4 of 9

Revision Date: 01/05/2019

### 6.3 Methods and materials for cleaning

**Methods for cleaning** It can be slippery when spilled. When spilled collect the product in a separate container, wipe the area with a dry cloth.

## SECTION 7: Storage of chemicals and handling during loading and unloading operations

### 7.1 Precautions for safe handling

**Precautionary measures** Avoid contact with eyes.

### 7.2 Conditions for safe storage, including any incompatibilities

**Information on storage conditions** Container with product must be closed tight and stored in a cool dry place.

**Suitable materials for containers** Polypropylene, high density polyethylene

### 7.3 Specific end use

**recommendations** The applications is listed in section 1.2, any other use are not provided. Use as mentioned on the package.

## SECTION 8: Exposure control and personal protective equipment

### 8.1 Control parameters

**Components with occupational exposure limits** Absent for the whole product. Not installed for the components.

### 8.2. Exposure control

**Appropriate engineering controls** Ensure there is sufficient ventilation of the area. Handle in accordance with industrial hygiene and safety regulations.

#### Individual protection means

Eye / face protection

skin protection

Skin protection

Respiratory protection

In normal use, it is not required.

In normal use, it is not required.

Not required.

Not necessary if room is well-ventilated.

**Controlling the environmental impact** It does not require any special measures.

#### General safety and hygiene measures

Do not eat, drink or smoke during work. Observe the usual precautions when handling chemicals. After use, wash hands and contaminated areas with soap and water.

## SECTION 9: Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

<b>Appearance</b>	Liquid
<b>Color</b>	colorless
<b>Smell</b>	Herbal
<b>pH</b>	5.0-6.0
<b>Melting point / freezing point</b>	Data not available.
<b>Initial boiling point and Boiling range</b>	Data not available.
<b>Flash-point</b>	Data not available.
<b>Evaporation rate</b>	Data not available.
<b>Flammability (solid, gas)</b>	Data not available.
<b>The upper and lower limits of flammability or explosive</b>	Data not available.
<b>Vapor density</b>	Data not available.
<b>Relative density</b>	Data not available.

# SAFETY DATA SHEET (MATERIAL)

Revision Date: 01/05/2019

<b>Solubility in water</b>	Soluble.
<b>Partition coefficient (octanol / water)</b>	Data not available.
<b>Auto-ignition temperature</b>	Data not available.
<b>Decomposition temperature</b>	Data not available.
<b>Viscosity</b>	Data not available.
<b>Explosive properties</b>	not explosive
<b>Oxidizing properties</b>	Data not available.

### SECTION 10: Stability and reactivity

#### 10.1 Reactivity

When stored and used according to instructions no hazardous reactions appear

#### 10.2 Chemical stability

Stable when used and stored according to instructions.

#### 10.3 Possibility of hazardous reactions

When stored and used according to instructions no hazardous reactions appear

#### 10.4 Conditions to avoid

Heat.

#### 10.5 Incompatible materials

Substances to be avoided are not known.

#### 10.6 Hazardous decomposition products

In the case of correct use and storage as prescribed, hazardous decomposition products are not allocated.

### SECTION 11: Toxicological information

#### 11.1 Information on toxicological effects

##### Acute toxicity

Product details are not available.

Information given is based on data on the components and the toxicology of similar products.

component name	EC of number	CAS №	Test
Sodium cocoyl glutamate (Sodium kokoilglutamat)	269-085-1	68187-30-4	Ingestion: LD50> 2000 mg / kg (rat, OECD 401 protocol) Contact with skin: LD50> 5000 mg / kg (rats)
Lauryl glucoside	600-975-8	110615-47-9	Ingestion: LD50> 5000 mg / kg (rat, OECD 401 protocol) Contact with skin: LD50> 1000 mg / kg (rats)

Methylisothiazolone	220- 239-6	2682- 20-4	LD50 = 141 mg / kg (rabbits) Inhalation: LC50 / 4h = 0.33 mg / l (rat) (aerosol)

**Skin corrosion / irritation** Data not available.

**Serious eye damage / irritation** Data not available.

**Respiratory or skin sensitization** Data not available.

**Germ cell mutagenicity** Data not available.

**Carcinogenicity** None of the components of the product at concentrations of 0.1% or more is assigned by Agency IARC as possible or confirmed human carcinogens.

**Reproductive toxicity** Data not available.

**Specific toxicity target organ - single exposure** Data not available.

**Specific target organ toxicity individual target organs (repeated exposure)** Data not available.

**Aspiration hazard** Data not available.

## SECTION 12: Information about the impact on the environment

### 12.1 Toxicity

**Toxicity to aquatic organisms** Product details are not available. Information given is based on data on the components and the toxicology of similar products.

### 12.2 Persistence and degradability

**Assessment** Data not available.  
**biodegradation and elimination**

### 12.3 Bioaccumulative potential

**Bioaccumulative potential** data not available

### 12.4 Mobility in soil

**Mobility** Data not available.

### 12.5 Results of evaluation of PBT and vPvB

According to Appendix XIV Resolution number 1907/2006 (EC) Registration, Evaluation, Authorization and Restriction of the use of chemicals (REACH): The product does not contain substances which meet the PBT-Criteria (persistent, bioaccumulative, toxic) or vPvB-Criteria (very persistent / very bioaccumulative). individual classification

### 12.6 Other adverse effects

Substances not listed in Regulation (EC) 1005/2009 on substances that deplete the ozone layer.

## SECTION 13: Disposal of waste (residues)

### 13.1 Waste utilization methods

**Product** In accordance with local regulations must be delivered to fit polygon / area for storing waste and garbage or adapted incinerator.

Regulation (EC) №1005 / 2009  
Regulation (EC) № 1223/2009

#### 15.2 Chemical Safety Assessment

This product contains substances for which are still required Chemical Safety Assessment.

### SECTION 16: Other information

#### 16.1.1 The full list of H-phrases

H301: Toxic if swallowed  
H311: Harmful in contact with skin  
H314: Causes severe skin burns and eye damage  
H315: Causes skin irritation  
H317: May cause an allergic skin reaction  
H318: Causes serious eye damage  
H319: Causes serious eye irritation  
H335: May cause respiratory irritation  
H400: Very toxic to aquatic organisms  
H412: Harmful to aquatic life with long lasting effects

#### 16.1.2 A complete list of R-phrases

P273: Avoid release to the environment.  
P305 + P351 + P338: Eye: Carefully rinse the eyes with water for several minutes. Remove contact lenses if you use them, and if it is easy to do. Continue rinsing.  
P501: Dispose of contents / container to.

#### 16.2 Abbreviations and acronyms

CAS: Chemical Abstracts Service  
EC: EEC  
Warning: The signal word "Caution"  
Danger: The signal word "Danger"  
GHS05: Symbol of danger "Corrosion"  
GHS06: Symbol of danger "Skull and Crossbones"  
GHS07: Symbol of danger "exclamation point"  
GHS09: Symbol of danger "Environment"  
Eye Irrit. 2: Causes serious eye irritation  
Skin Irrit. 2: Causes skin irritation  
Eye Damage 1: Causes serious eye damage  
Acute Tox. 3: Harmful in contact with skin
